Shrubs for Permanence

Pyracantha

The list of Flowering Shrubs shown below have been selected for their sturdiness and adaptability to all soils and climates. We feel the varieties listed to be the most popular and colorful. Plant them in groups of three for mass color and use them as border plants between property line to obtain the privacy you want. Also, of course, they make excellent foundation planting material. With few exceptions the plants listed are **1½ to 2 feet tall and are priced at 35c. each, any 3 for 95c., postpaid, exceptions noted.**

BUTTERFLY BUSH, Ile de France. Vigorous variety. Fragrant masses of brilliant rosy, violet-purple flower spikes.

CYDONIA japonica (Flowering Quince). Large, showy, scarlet flowers in late Spring.

FORSYTHIA spectabilis. Very large, golden yellow flowers completely covering the branches in early Spring.

FORSYTHIA suspensa (Weeping Golden Bell). Graceful, arching branches covered with golden bells.

KERRIA japonica (Gloeflower). Rich golden yellow flowers in May resemble "Button Chrysanthemums." Very unusual. The bark is very attractive in Winter. 18-24 in. **75c., postpaid.**

LONICERA morrowi. White flowers in Spring, but especially pleasing for the bright red berries in the Fall.

PHILADELPHUS virginial. Large white flowers. 2 in. across, covering the branches. Fragrant. Best kind.

PYRACANTHA (Firethorn). An unusual evergreen shrub growing over 6 ft. tall. It has attractive, large trusses of white flowers in late Spring followed by an abundance of bright orange-scarlet berries which remain late in the Winter. 12-18 in. **\$1.00 postpaid (See illus.)**

SPIRAEA, Anthony Waterer. Dwarf. Deep crimson blooms in Summer.

SPIRAEA prunifolia (Doubleflowering Bridalwreath). Very popular and beautiful; double white flowers.

SPIRAEA vanhouttei. Best of all. A compact shrub with snow-white flowers in plume-shaped clusters all over the bush in May.

SYRINGA, Old-fashioned White. Fragrant, white flowers borne profusely. **60c. each, 3 for \$1.65, postpaid.**

SYRINGA, Old-fashioned Purple. Magnificent trusses of lilac-purple.

VIBURNUM opulus sterile. Old-fashioned Snowball. Covers bush with snowballs in May.

WEIGELA, Eva Rathke. Ruby flowers in Summer and Fall.

WEIGELA rosea. Soft rosy pink. Profuse bloomer.

Hybrid French LILACS

No one classification of Flowering Shrubs seems to stand out as do French Lilacs. Every garden should have some. They are so fragrant, so large in flower heads, so prolific in bloom, so excellent for cutting and so showy! Truly they are superb. The four varieties have proven to be so valuable and are highly recommended.

President Viger. Beautiful with double bluish flowers. A tall growing plant. Valuable as a cut flower.

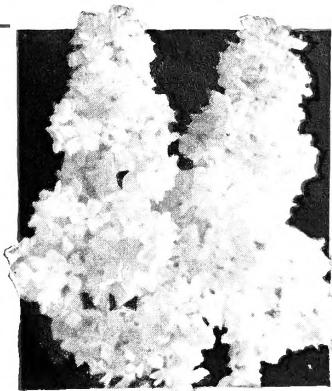

Mme. Casimer Perier. A profuse bloomer bearing double creamy white flowers. (See illustration.)

Rhum Van Hortenstein. Extra fine. A beautiful lilac having single reddish purple flowers.

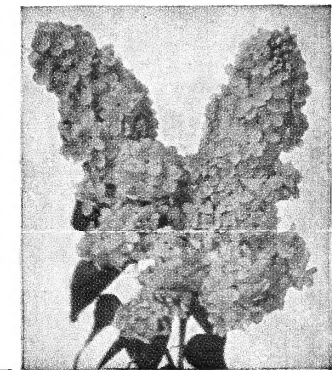

Condorcet. A handsome shrub bearing double pale blue flowers. (See illustration.)

Sizes on above varieties are 18 to 24 in. at 75c. each, 2 for \$1.40, postpaid

PERSIAN LILAC. A broad, shapely bush with abundant rosy-purple, fragrant flowers which weigh down the bush. 2 to 3 ft., **75c. each, 2 for \$1.40, postpaid.**

Mme. Casimer Perier

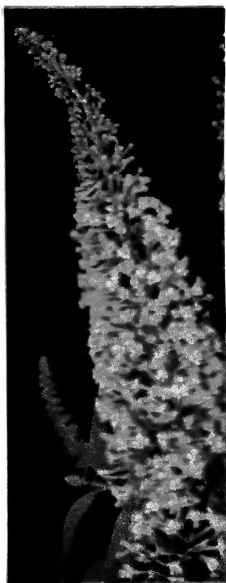

Condorcet

BUDDLEIA "Charming"

Probably the most outstanding new plant recently offered. Silver Meal Award by the Penna. Horticultural Society. It is a magnificent shrub, bearing elegant long sprays covered with lovely lavender-pink blooms throughout late summer and autumn. The color, compared to other Buddleias, is distinctly pink. Pinch off early flower spikes to insure more prolific and later blooming in the autumn.

Strong flowering plants:
2 yr. old, 50c. each
2 for 90c., postpaid

ABELIA

(Bush Arbutus)

One of the best flowering shrubs which can be used in combination with evergreens for foundation planting. It blooms in summer and fall until killed by frost and has showy clusters of bell-shaped pinkish white flowers. The shiny green leaves usually remain until spring

18-24 in., 50c. each, postpaid

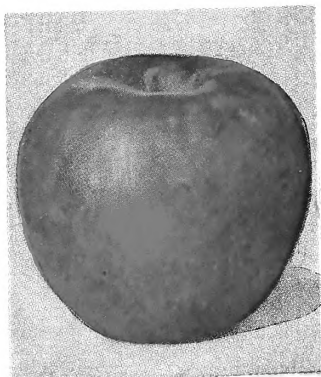

Abelia

APPLES

Yellow Transparent. Tree upright. Bears early. White skin turns pale yellow. Ripens about July 1. Excellent for cooking and preserving. Good to eat when ripened.

Grimes Golden. The Apple of highest quality. Fancy dessert Apple. Bright yellow. Ripens about Sept. 1.

Stayman Winesap. A splendid late-keeping variety. Good for either table or cooking use. Red skin. Large size. Ripens about Oct. 5.
2 yr. old, 4 to 6 ft., \$1.00 each

Stayman's Winesap

PEACHES

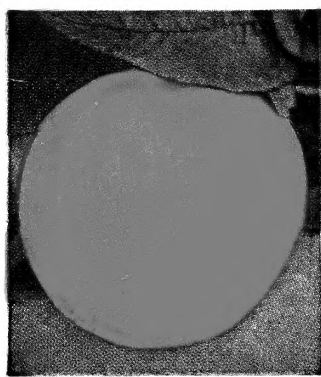

Golden Jubilee. Early, yellow. Hardy Tree. Yields heavy. One of the best.

Hiley Belle. Medium early. White with red blush. Juicy and tender.

Elberta. Midseason. The old favorite yellow. Excellent for canning or table use.

All of the above varieties are freestone:

3 to 4 ft., 1 yr. old, 75c. each

Elberta

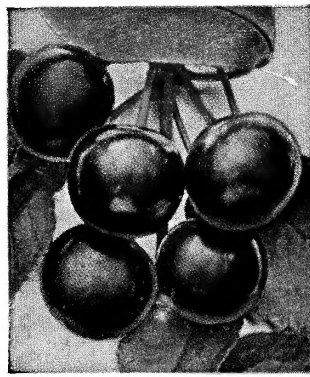

CHERRIES

Montmorency. The best sour variety. Always bears a large crop.

Black Tartarian. Very large; bright purplish black; tender, juicy, and very rich. Sweet cherry.

Governor Wood. Large, heart-shaped; light yellow mottled light red. Juicy and sweet. Very productive. Sweet cherry.

2 yr. old, 4 to 6 ft., \$1.10 each

Black Tartarian

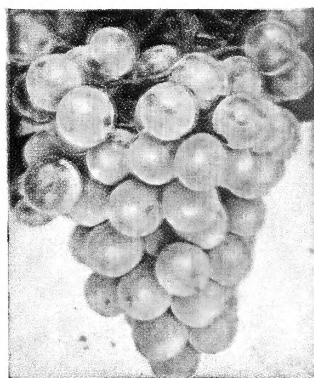

GRAPES

Concord. The most extensively planted black grape. Excellent quality.

Niagara. One of the largest white grapes, deliciously flavored.

CATAWBA. A large, firm, very sweet copper-red grape.

2 yr. vines, 30c. each, postpaid

Grapes, Niagara

A Carefully Selected C

HYBRID TEA ROSES

All of the varieties listed are strong, hardy everblooming Hybrid Tea Roses, two years old field grown. We offer two grades or sizes, and they are priced accordingly. In the No. 1 grade the bushes have three canes and up, with tops 15 inches and over; whereas in the No. 1½ grade the bushes carry between two and three canes 12 to 15 inches in length. The bushes in either grade will bloom abundantly the first season. Every Rose in this list was selected for its long-blooming qualities, for its usefulness for cut-flower purposes, and for its abundance of beautiful bloom.

Sister Therese. Long pointed buds of yellow splashed carmine. When open, the flowers are rich yellow, holding the color well. Fragrant flowers and have good stems for cutting. Sold individually at **2 yr. No. 1, field grown, 75c.; 2 for \$1.35.**

Autumn. Burnt orange, streaked and marked with red. Strong stems. Foliage glossy, very dark green and disease resistant.

Christopher Stone. Scarlet, with perfect form. Nice foliage and good for cutting. (See illustration.)

Condesa de Sastago. Double blooms on two-toned coppery pink inside and golden on outside of petals. Highly colored and has a spicy fragrance. (See illustration.)

Editor McFarland. Long-pointed pink bud with a glow of amber and a paler edge. Fine for cutting. (See illustration.)

E. G. Hill. Beautiful long buds of perfect form. Full, double, dazzling scarlet flowers shading to deeper red. Never turns purple. (See illustration.)

Etoile de Hollande. A most popular brilliant red Rose. Large and fragrant blooms almost in continuous bloom.

Glowing Carmine. A novelty this year, having well-shaped carmine buds which do not change their color when opened.

Golden Dawn. The ideal yellow garden Rose. Buds rich straw-yellow splashed with crimson. Flowers double, sunflower-yellow, well formed and sweetly scented. Most healthy foliage.

Heinrich Wendland. Large, long-pointed buds and very large double, high-centered intensely fragrant flowers of unfading nasturtium-red. Reverse of petals deep golden yellow. Free bloomer throughout the season.

Joanna Hill. Very double blooms with Indian-yellow center surrounded by gold buff petals. Vigorous profuse bloomer.

K. A. Victoria. The best pure white; double sturdy growing Rose. (See illustration.)

McGredy's Scarlet. The name fully justifies this Rose. The flowers are large, full, of perfect shape and form.

Mrs. Pierre S. du Pont. Pointed buds are reddish gold opening into beautiful yellow flowers. (See illustration.)

Mrs. Sam McGredy. Graceful long-pointed buds. Large, double blooms. Orange-salmon with a suffusion of gold with deep red shadings outside. Disease-resistant, vigorous and very profuse. (See illustration.)

Pink Dawn. A novelty last year, with beautiful deep rosebuds opening pink, tinted with orange at the base of the petals. Very double, fragrant and a vigorous grower.

President Herbert Hoover. The rose of wonderful colors, a happy blend of orange and pink. Bud coppery red, glowing orange yellow at the base of the petals, suffused with vivid rose-pink. Vigorous grower.

Radiance. Large, double, fragrant, brilliant rose-pink blooms. Exceptionally vigorous.

Red Radiance. Big globular flowers of deep rose-red on strong individual stems. Exceptionally vigorous. Blooms constantly.

Talisman. A combination of gold, apricot, yellow, deep pink and old rose shades. Long, well-formed buds; full double flowers. Glossy green foliage. Free-flowering. (See illustration.)

Group of Choice Roses

CLIMBING ROSES

Climbing Roses are excellent plants to use over trellises, arbors, porch pillars, or rear porches, or any place where they can be trained over a good support. These varieties have been chosen because we feel they are the best, hardiest, and combine the color range. They will give a glorious display of color every June. Our plants are fine 2-year-old No. 1 field grown, averaging 15 to 20 inches in height.

Summer Snow. Many 2-inch flowers set off with golden stamens in large clusters, so profuse in June they make a white mass; intermittent all Summer. The best white climber.
\$1.25 each postpaid.

Jacotte. Deep orange-yellow, tinted coppery red; semi-double, good-sized, fragrant blooms. One of the most popular.

Paul's Scarlet Climber. Large, vivid scarlet flowers in clusters of 3 to 20, on long, strong stems. A blaze of color.

Staechelín (*The Spanish Beauty*). Long, shapely buds are carried on 12 to 14 inch long stems. Shapely, semi-double fragrant flowers of an iridescent pearly pink tipped with crimson. Excellent foliage.

Prices on above Climbing Roses, except as noted, 60c. each postpaid

Climbing Hybrid Tea Roses

These marvelous Climbing Roses give you the same beauty of form and perfection of bloom as the bush type. Large crops of flowers are produced in June and a very liberal scattering throughout the season. The plants offered in this collection are 2 years old, No. 1, and average 15 to 18 inches high.

The New Dawn (*Plant Patent No. 1*). It is a sport from Dr. Van Fleet embodying all its fine qualities but has the advantage of blooming perpetually throughout the season. Beautiful and popular flesh-pink Rose. Long-pointed buds and very double flowers. Excellent as a cut flower. Blooming, as it does, throughout the Summer and Fall months, add to its value considerably.
\$1.50 each postpaid

June Morn. This truly beautiful Rose takes its place gracefully in any color scheme. The opening buds show a deep Watermelon pink on the inside of the petals, gold on the outside and the fully opened flowers soften to a rosy red with lemon yellow on the reverse. Big double flowers fully 5 inches across, with deep green foliage, enhance any garden.
\$1.50 each postpaid

Climbing Red Radiance. Big globular flowers of deep rose-red on strong individual stems. Exceptionally vigorous. Blooms constantly.

Climbing Talisman. A combination of gold, apricot, yellow, deep pink and old rose shades. Long well-formed buds; full double flowers. Glossy green foliage. Free-flowering.

**Prices on above Climbing Hybrid Tea Rose Bushes, except as noted:
75c. each, postpaid**

Condesa de Sastago

FLOWERING TREES

JAPANESE FLOWERING CHERRY

Very popular. Thousands of people flock to Washington, D. C., every year to see the marvelous Japanese Cherries in bloom. Among the earliest of all flowering trees.

Amanogawa. Pyramidal in form and very distinct in its habits of growth. Fragrant flowers, semi-double, soft pink.

Kwansan. Double dark pink. Late bloomer.

Mt. Fuji. Large double pure white flowers.

All varieties

3 to 4 ft. sell for \$2.25 each, postpaid

WEeping JAPANESE CHERRY

Masses of deep pink flowers all over the branches from the head to the tip of the ground. Very graceful. Strong trees 5 to 6 ft. tall, with 2-year heads. **\$5.00 each** (see illustration).

FLOWERING ALMOND

Double blooms like small Roses in early spring. Comes in two colors, double red and double white. 2 to 3 ft., **85c. each, postpaid.**

FLOWERING PEACH

Marvelous large double flowers cover the branches in early spring. Exceedingly showy. Double red or double white. 2 to 3 ft. **85c. each postpaid.**

CHINESE FLOWERING CRAB

One of the nicest ornamental flowering trees for the lawn. The branches are literally covered with blossoms in early spring followed by showy fruits in the fall.

Bechtel. Large, double delicate pink. 2-3 ft.

Hopa. Rosy red flowers; attractive foliage.

Parkmani. Pink. One of the showiest. 3-4 ft.

Scheideckeri. Double reddish pink. 3-4 ft.

All varieties sell for \$1.75, any pair, \$3.25

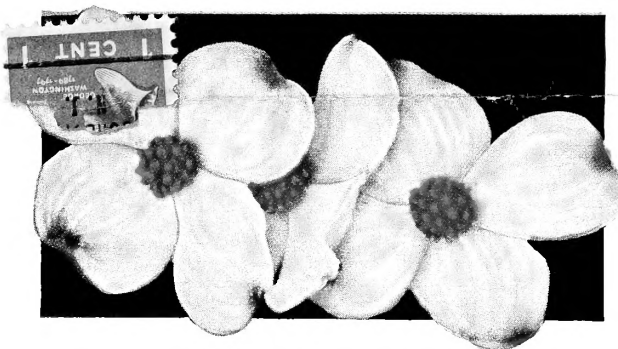

HAWTHORNE

Hawthorne, Paul's Scarlet. Numerous showy, double bright scarlet flowers followed by red fruit. 3 to 4 ft., **\$2.50 each, postpaid.**

Coccinea (Thicket Hawthorne). White flowers followed by scarlet fruit. 2 to 3 ft., **\$1.50 each, postpaid.**

Weeping Japanese Cherry

White Flowering Dogwood

DOGWOOD

White Flowering. Spreading habit. Large flowers in early spring. Brilliant crimson foliage in fall, followed by rich red berries. 2 to 3 ft., **\$1.75 each, postpaid.**

Pink Flowering. Splendid rosy red flowers in early spring. Bright red berries in the fall. When planted near the white Dogwood, the color contrast is unusually marvelous. 2 to 3 ft., **\$2.75 each, postpaid.**

Complete Nursery Service

at **Collins Nurseries (Founded 1860)**
Eighty-one years of service

LANDSCAPE SERVICE

Our Landscape Department is very well known. We take complete charge from the start. All you do is ask for a consultation, free of charge. We go over your planting problems and ideas. We then submit a sketch at no cost to you. If our ideas in the final form appeal to you, we plant each plant for you, giving you a complete job. We are also large tree-movers, have complete spray facilities and do trimming jobs. Call on us for any kind of landscape service.

HOW TO ORDER

Please do not send stamps to pay for your order, but use check, money order, or cash. We will not make any C.O.D. shipments.

Please print name and address

WE CAN ALSO SUPPLY

any size and variety of Shade Trees, additional varieties of Shrubs, and all sizes and varieties of Evergreens; also Patented Roses and types of Roses other than those previously listed. If you desire any plant, bush, tree, or shrub which is not listed, write us and we will cheerfully give you any estimate. Our nurseries are only 9 miles from Philadelphia, at the intersection of Route 38 and Pleasant Valley Ave., Moorestown, N. J., and our signs clearly indicate our location. Drive in to see our products; we are open every day, including Sundays. Phone: Moorestown 727.

Our Guarantee

We guarantee safe arrival of plants in good condition. Any plants which fail to grow are cheerfully replaced if we are notified before July 15, 1941. We know of no other nursery in the country which protects its customers to this extent.
